Get ready for a day of educational fun with science!

1st annual IU SCIENCE FEST

IU's popular annual fall science open houses have morphed into one big science extravaganza!

Saturday, October 25, 2014
9 am – 3 pm
Indiana University Bloomington

FREE and open to the public
Teachers and student groups welcome
Hands-on activities galore, lab demos, talks, tours and more
Learn with faculty and students from 9 participating IU science departments and special guests WonderLab and the Indiana Geological Survey

MAKE A POCKET SOLAR SYSTEM

EXPERIENCE AN EARTHQUAKE

IU Science Fest 2014  college.indiana.edu/science/sciencefest
IU Science Fest is an opportunity to observe and experience science from many disciplinary perspectives:

Astronomy  Environmental Science
Biology      Psychological and Brain Sciences
Chemistry    Mathematics
Geological Sciences  WonderLab
Physics      Indiana Geological Survey
Geography

Start your science adventure at any of the following locations: Chemistry Building, Swain West or Jordan Hall.

Pick up a copy of the Science Fest 2014 Guidebook, the go-to guide for all details about activities, times and locations for IU Science Fest.

Additional activities will be held at the Kirkwood Observatory, Student Building, and the IU Research and Teaching Preserve. These activities require you to sign up in advance in the Jordan Hall atrium.

Tours of Kirkwood Observatory will be every ½ hour beginning at 10 a.m. with the last tour starting at 1:30 p.m.

Need to park? Park at Atwater Garage (Faculty Dr. between Third St. and Atwater Ave.) or Henderson Garage (Fess Ave. between Atwater Ave. and Third St.). Both garages are walking distance to the hub of activities.

Traveling by bus? Plan to drop off students at one of the bus stops on East 3rd Street, just outside Jordan Hall or Swain West. All buses must park in the IU Memorial Stadium parking lots, accessible from 17th Street.

Join us for a day of unforgettable science fun and learning!
