

Tutor List

Indiana University Department of Physics – Fall 2015

FREE department tutors are available weekdays in the Physics Forum in Swain West Room 246. See the current Physics Forum Schedule at <http://www.indiana.edu/~iubphys/forum.shtml>

The department of physics does not recommend one student over another for tutoring. All names on this list are physics graduate students or alumni and are capable of tutoring. Students wishing to hire a tutor should do so by contacting a tutor from the list below and making mutual agreements for services.

An A.I. assigned to a particular course shall **not** provide paid tutorial help to students currently enrolled in that course, even if they are in a different lab or discussion.

For quickest response, it is best to contact tutors by email unless otherwise stated.
